

The Tampa Bay Fly Fishing Club

www.tbffc.org

Next Meeting: Wednesday, October 6, 2010, 5:30 p.m.

Special Guest Speakers **Rick and Nanette O'Hara**

Fly Fishing the Everglades

The Ten Thousands Islands and Everglades National Park comprise one of the most remote, challenging and productive fly fishing destinations in Florida. Longtime TBFFC members Rick and Nanette O'Hara consider themselves privileged to have fished these waters regularly for about six years, and were the 2009 Fly Rod team champions of the IGFA RedSnook Tournament out of Naples. Although they caution that it would take several lifetimes -- and the entire worldwide supply of Cutter's Deep Woods Off -- to fully explore the maze of mangroves, tidal creeks and back bays that are the saltwater Everglades, they will share some of their tips for successfully fishing this premier area. They'll also reveal why they consider a "Devil Stick" -- commonly known as a spinning rod -- an essential piece of equipment for Everglades backcountry adventures.

Featured Fly Tyers **Denise Bruner---- and You**

Denise was born in the Lower Peninsula of Michigan and grew up on a part-time farm outside of Ann Arbor and was fortunate to have the opportunity to explore and fish the ponds and wetlands on the farm with her 5 brothers and sisters. She relocated to Florida in 1980, and currently has a job in downtown Tampa overlooking Tampa Bay.

She started Saltwater fishing in the Bay Area in the mid 80's. Catching four Snook on the first outing was all it took to start a life long hobby addiction. She has fished the fresh waters in several states, mostly for trout, but also for smallmouth bass. One thing she has found is that wherever she goes to fly-fish she has met other anglers and felt like part of an extended family. Denise joined TBFFC 15 years ago, and is a member of its Board of Directors. She started tying flies about 10 years ago, mostly on an as needed basis (an upcoming trip can motivate her to bring out the vise). This time she will be tying a favorite smallmouth fly.

Our regular fly tying tutorial "Bull session" for members will begin at 5:30.

Directions to Our Meetings: From I-75---Take Bruce B. Downs exit from I-75; go west 2 miles to traffic light, turn left onto Tampa Palms Blvd., then left on Compton Drive, and right at Compton Park. **From I-275---**Take Bearss East to Bruce. B. Downs; then Bruce B. Downs east/north to Tampa Palms Blvd. Rt. on Tampa Palms, then left on Compton Drive and right at Compton Park

OCTOBER 2010 PRESIDENT'S MESSAGE

Hello TBFFC members,
 October is upon us and the weather should start to cool down just a little. The waters around us too will be cooling down a bit, which will get the fish more active.

The club wants to THANK our Featured Fly Tier **Logan Valeri** and all of the Fly Tyers that came out to learn and tie. Great Job Logan--he tied a stimulator fly.

The club also would like to THANK our Special Guest Speaker **Neil Taylor**. Neil gave us a very good talk on Fly Fishing from a Kayak. What you need to take and what you need to look for when you're out on the water.

The Florida Sportsman show was held out at the Fairgrounds Sept 25-26 I want to personally THANK all of the members that came out to help work our booth.

We have the Carl Hanson Outing coming up Saturday Oct 30th. Please sign up at the meeting and help the TBFFC bring back the Trophy.

See you at the meeting,
 Tight Lines
 Neil

TBFFC EVENTS

2010 TBFFC MEETING DATES

Here are the meeting dates for the rest of 2010; October 6; November 3; December 1, **Please watch this space for any changes.**

A NEW FLY SHOP IS COMING

"Tampa Bay On The Fly". The new pro fly fishing shop in Tampa is coming soon. If you want to be kept "in the loop" about the Grand Opening and events, please email Enver Hysni at:

enver-tbotf@tampabay.rr.com

OCTOBER "CARL HANSON" OUTING TO BE HOSTED BY SUNCOAST CLUB

When: Saturday October 30 2010, 7:00 am until Noon, followed by lunch.

Where: Rotary Park, Hillsboro River

Includes: Great Lunch, Beautiful Trophy

Sign up: At the October club meeting.

This annual outing gives us a chance to interact with our friendly rivals across the bay, and to compete for the Carl Hanson Trophy for the most fish caught. SCFF currently holds the trophy. Come help us get it back!

It is necessary to have a boat, kayak, or canoe to enjoy the beautiful scenery of the Hillsboro River, and to fish for the many pan fish and bass in the river.

For more info call Dick Miekka at **727-866-8682**.

FFF FLORIDA FLY FISHING EXPO

OCTOBER 22-23 IN ORLANDO, FL

www.FFF-Florida.org (click EXPO for details)

Featuring **Joe Mahler**, aka the Marker Jockey, is the author/illustrator of "Essential knots and rigging for trout" (Stackpole Books). His fishing illustrations appear regularly in Saltwater Sportsman and other publications. Mahler is a FFF Certified Fly Casting Instructor, member of the Outdoor Writers Association of America, and president of the Sanibel Fly Fishers.

JOE MAHLER, BEACHES, BAYS & BACKCOUNTRY CASTING THE MENDOZA LINE, ON THE CASTING POND AT 10:00 AM, WILL PRECEED THIS PRESENTATION

See Workshops Friday Oct 22:

FALL-WINTER EVENTS TO BE SCHEDULED

1. Club Outing at Simmons Park – Late fall or winter
2. Big Gun Shootout – Usually a November Sunday
3. Play Hooky for the Holidays – Maybe Fri. Dec. 3
4. Don Coleman outing at DeSoto Park (Joint with SCFF and MCFF) probably on December 18

O'HARA EVERGLADES CABIN FOR RENT

Fee is \$85 per night + one-time \$35 cleaning fee. Contact Rick O'Hara at 727-410-0459 or flyguy47@verizon.net.

SUNCOAST FLY FISHERS

www.suncoastflyfishers.com

Regular Meetings: 6:30pm on the Third Thursday of each month, **except December**, at Walter Fuller Recreation Center, 7883 26th Ave. N., St. Pete.

MANGROVE COAST FLY FISHERS

www.mangrovecoastflyfishers.com

NOTE: Newer Location for MCFF Club meetings - **Twin Lakes Park**. The entrance to Twin Lakes Park in Sarasota is located on Clark Road, just 1/2 mile east of I-75, on the south (right) side of the road. Contact website above for details and directions.

TIPS FOR TBFFC – No. 28

Casting Tip for TBFFC: 11

Why does my line kick at the end of a cast?

I was asked his question recently by an excellent caster from our club who practices frequently, which is why he casts so well. He was using a 3 wt rod and as his cast lengthened the end of his line did not straighten very well. In discussing the problem, I asked what kind of leader he was using and he said he did not have a leader or fly on the end of his line.

Bruce Richard in his excellent book *Modern Fly Lines* has the following on pg. 70: "It should be mentioned that the tapered leaders tied to the end of fly lines continue the dissipation of casting energy.....Lines are designed to be cast with leaders. A properly designed line will have just the right amount of energy left at the end of a cast to turn over the leader and deliver the fly. If a line is cast without a leader, it will "kick" and be difficult to cast."

A properly designed leader and "fly" will help when you are out lawn casting as much as it will when in a fishing situation.

Pat Damico, MCI 🌅

A recipe, a website for tides, and a home remedy.

1. SMOKED FISH RECIPE

This came from the TV show *SHALLOW WATER FISHING*, on 9/12/10 (Wasniak)

1. SMOKED FISH
2. CREAM CHEEZE
3. MAYONAISE
4. LEMON ZEST
5. HOT SAUCE
6. CHIVES

CHOP FISH COARSLY AND SET ASIDE
MIX CREAM CHEEZE WITH ENOUGH MAYO TO SOFTEN
ADD LEMON ZEST, HOT SAUCE, AND CHIVES
BLEND UNTIL SMOOTH
ADD FISH, TOP WITH MORE CHIVES –SERVE

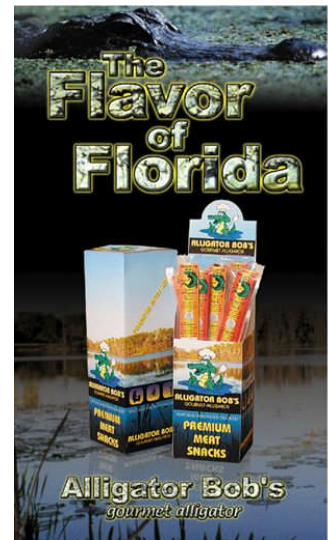

2. FIND THE TIDES

When and where you want to fish in Florida—just go to the link below (Capt. Mel is gone, but his website is still with us.)

www.capmel.com/tides.htm

3. SMART SPLINTER REMOVER:

Just pour a drop of Elmer's Glue-All over the splinter, let dry, and peel the dried glue off the skin. The splinter sticks to the dried glue. 🌅

There's something **reelfishy** in Florida!

Member Photos, October

GREG PETERSON, September 5, 2010

Found the big reds this week. Took my good friend Norman Claypool and his wife out Thursday and we caught 3 and then I took two of my students out on Friday and we caught one more. While Norman was reeling in a fish I saw some more tailing and jumped out of the boat and waded to them and caught one on fly. I was barefoot and kicked a couple stingrays it was pretty scary. Friday was slower but my 7th grader **Brandon Swinford** made a great cast to a group of about 40 tailing fish and got slammed. His fish was bigger than mine so I will probably not hear the end of it for a long time.

GREG PETERSON, September 27, 2010

Took one of my students tarpon fishing Saturday night and we had a blast. Not very many fish but the couple we found ate pretty good. Went 2 for 2. **Garrett Stephens**, 9th grade, leadered about a 100 lb fish after 35 minutes with the baitbuster and then I hooked a smaller fish on fly and handed the rod to him and he whipped it as well. Not bad for a first time tarpon fisherman. He even hooked the big fish on his own. When we got home he changed his signature line on his cell phone to TARPON TAMER. He doesn't know how lucky he was. The ugly stick fly rod is a beast. At one point Garret stumbled when the fish went under the boat and the whole rod wrapped around and under the side of the boat and the fish jumped on the other side of the boat while it was like that. The rod didn't break and the fish somehow stayed on. Good times.

Member Photos, continued

Jeff Janecek caught this nice bass at Clear Lake, behind St Leo College, on his Jeff's spider. 9/24/10

Nanette O'Hara with her first pompano on fly, caught on a Clouser minnow on the flats near Rattlesnake Key in Manatee County. Nanette reports that, though she was tempted, she did not invite this beauty home for dinner.—8/25/10

Nick Colantonio had another successful (but cold) trip to the Goodnews River in Alaska. Here he is with one of many Chum Salmon.

Nick's Arctic Char (right) was caught on a slightly warmer day during the same August, 2010 trip to Goodnews River.

Monday, September 25th Fishing outing at Picnic Island Park: 5pm until dark. **Contact Denis**

Sunday, October 15th Safety Harbor Power Plant fishing outing **Angelo**

Sunday, October 21st Sun Coast FFC and TBFFC at Ft. Desoto Park **Leigh**

Sunday, October 28th Mangrove Coast Distance and Accuracy Casting Contest **Walter**

Sunday, November 12th Club picnic ant Picnic Island Park. Bring a covered dish and TBFFC will furnish everything else. Bring your fly fishing equipment and fish or practice casting **Leigh**

PRESIDENT'S MESSAGE

Many thanks to outdoors columnist Steve Gibson who gave an outstanding presentation at our last Monthly meeting.

Steve spoke on beach fishing for snook (and other species) in the Bradenton/Sarasota/Venlce areas. Steve also showed us many of his Innovative fly patterns he uses, as well as some unusual patterns he's recently developed, If you missed his presentation, check out the Apr/May 1995 issue of Gulf Coast Angler magazine, or read his articles in the Sarasota newspaper (not the Bradenton paper as previously reported...).

The weekend following the meeting, one of our members decided to check out what Steve was talking about Walking a beach in the Casey Key area. He spotted about a hundred snook scattered over a distance of a few miles. He had many opportunities at fish, got a few follows, but wasn't able to hook any, He said that the largest one he saw was swimming right next to a bather. He was still very impressed seeing so many clearly.

Unfortunately our combined outing with the Mangrove Coast club to fish for beach snook was a washout. It rained heavily that day, plus the red tide has begun to make its presence felt in that area. As of this time, the outing will not be rescheduled due to scheduling problems and the red tide.

Our next scheduled speaker will be Capt Dave Markett. Capt. Dave is an expert on fly fishing the flats in the Tampa Bay area and is in high demand, especially during tournament time. He recently guided club member Dan Lagace to some really nice fish and the grand prize (an

Abel reel) in the fly division of our club sponsored flats fishing tournament. A number of our club members fish with him and regularly enjoy his enthusiasm, knowledge, and sense of humor. We are looking forward to an evening of fun and valuable fishing information.

I would like to thank Bill Murdich for his dedicated service on the Board during the past year. Bill stepped down last month to spend more time In the trenches (on the water) with our club members. He worked very hard and helped to make the club more user friendly and accessible for everyone. Bill will still remain very active In the club.

I would also like to thank a couple of other members for their recent and continuing help. Linda Martuch recently picked up a number of items for our club raffle, which were kindly donated by The Fly Shop in Redding, CA. I would also like to thank Tony Kovac for helping to secure the club's new and beautiful banner. Thanks also to Mike Lang. who contributed the photos for Steve Gibson's presentation. I got a chance to meet him after last month's meeting. He's an avid fly fisherman and an accomplished photographer.

Despite the red tide, squalls, flooding, tropical storms, and whatever else seems to come along, fishing has been pretty good. I hope you got a chance to get out on the water, and that you will have some fish stories to share at the next club meeting. I know we'll have some exciting stories from a number of club members.

Hope to see you there
 Sincerely, Leigh West

FLY OF THE MONTH

Stimulator

As Tied by Logan Valeri

MATERIALS:

Hook: Curved shank; Size 6-14.

Thread: 6/0 Gudebrod or equivalent, colored to match the body.

Tail: Elk hair.

Body: Dubbing that is designed for dry flies. Color to match the body of the natural (yellow, tan, **olive**).

Rib: Fine silver or gold wire.

Body Hackle: Brown or tan saddle or neck hackle, Palmered over the body and ribbed with fine wire

Wing: Elk hair, tied to flare slightly.

Head: Red dubbing

Head Hackle: Grizzly hackle wrapped dry fly style near the head.

TYING STEPS:

1. Start the thread and tie in a ribbing wire down the hook bend slightly.
2. Tie in a short tail of elk hair. Use just enough thread pressure to flare the hair slightly.
3. Create a body of dubbing or yarn. Leave enough room at the front of the hook for a wing and a hackle.
4. Wrap a hackle back to the hook bend keeping the curvature of the hackle facing forward. Rib the hackle down with the wire. (This is called a Palmered hackle.)
5. Create an elk hair wing using the same steps you would use for an elk hair caddis. Traditionally this wing is only long enough to reach the start of the tail, but you can make it a bit longer.
6. Clip the hair butts, tie them down to the hook and cover with thread to form a smooth transition from the wing to the hook eye.
7. Tie in a grizzly hackle and dub the area in front of the wing to just behind the hook eye.
8. Wrap the hackle over the dubbing as you would in any standard dry fly, except keep it slightly sparse.
9. Trim the hackle, whip finish and cement. A drop of cement on the front of the wing will help keep the wing together. 🍷

Fishing Report and Forecast

“What a great time to go fishing!”

Greg Peterson reports of finding big reds in the bay. He took a good friend, **Norman Claypool** and wife Sept 2nd and caught 3 nice reds. While Norman was reeling in a fish Greg saw more tailing fish and jumped out of the boat and waded for them and caught one on fly. Friday Greg took student **Brandon Swinford** who made a great cast to a group of about 40 tailing reds and got slammed with a big red. The only bad thing is Brandon's fish was bigger than Greg's so he probably will not be able to live it down for some time. Way to go Brandon..

Member **John Willis** reports his wife **Joan** eased up and let him catch two 10 inch browns on the Nottely River near Blairsville, Ga. the fly used was a chartreuse wooly bugger he tied. John reports they were released unharmed.

Nick Colantonio, fishing with last month's speaker, **Neil Taylor**, caught a number of trout on chartreuse bend back flies.

Capt Rick Grasset reported by email that his clients are catching trout and blues on clouser flies in Siesta Key and Sarasota Bay's Bishop Point.

Robert Fischer, fishing both sides of the bay, reports catching lots of small trout and a few big trout using white big headed fly with a white rabbit strip tail and on Mangrove snook fly.

Capt Byron Chamberlin reported that tarpon season is pretty much over. He also is reporting seeing schools of 50 to 200 reds on the flats. Trout action is very good on the deeper grass flats and can be caught using clouser minnows. Night fishing the dock lights will get you bigger trout.

Tight Lines,
Bob Gaulin
